

**REMARKS**

In the Office Action, the examiner makes a restriction requirement to one of four different groups of claims. One of the groups, Group IV, includes claims 14-17.

Pursuant to the transmittal papers for this divisional application, claims 1-13 were requested to be canceled. Accordingly, applicant has previously limited this application to the Group IV claims, claims 14-17. By way of the foregoing amendment, applicant formalizes this amendment in a manner in which it can be entered pursuant to the new office procedures.

Respectfully submitted,

Dated: August 25, 2004
